

Product Sheet

SITEM 280 LF

Pneumatic stapler for stationary mounting.

Pneumatic pincer stapler for stationary installation at the workplace for the textile processing industry. Triggered by an external foot pedal, leaving both hands free for handling the material to be stapled. Developed from the classic TEX 33 device with the finest available SITEM 280 staple made of extra-thin special wire for today's delicate outer fabrics. For stapling work coupons to cut parts, stapling facings, stapling plackets to sleeve holes etc. (for men's and women's outerwear, as well as bridal wear, breeches etc.)
